

## Side Visit to Xiamen for ALMC 2013 Participants

**8-9 November 2013**

**Application deadline:**

**11 October 2013**

**A fruitful programme to learn more about one of the most rapidly developed coastal cities in Southeast China**

- ❖ Xiamen is developing into a global shipping hub, in a bid to promote its shipping, logistics and tourism industries with the establishment of the Southeast China International Shipping Centre expected to be operational in 2020.
- ❖ Rapid development and prospective initiatives in Xiamen's logistics sectors and the Port of Xiamen.
- ❖ Given the city's strategic location in the Cross Straits, significant trade activities are reassured.
- ❖ There are a lot of Hong Kong logistics establishments in Xiamen providing a full spectrum of services

### **JOIN the mission to:**

- Understand the latest logistics developments and trends in the Cross Straits Economic Zone
- Explore business opportunities and partnership with Xiamen counterparts
