

LSCM Surveying & Geomatics Technology Forum for Smart City Development in Hong Kong

2 March, 2017 (Thu)
Lecture theatre Y305, Lee Shau Kee Building (Block Y),
The Hong Kong Polytechnic University

Surveying & Geomatics Technology Forum

The LSCM R&D Centre jointly organise a Survey and Geomatics Technology Forum with the Hong Kong Polytechnic University in coming March.

The Forum aims to provide a platform for the surveying industries and academia to exchange ideas and insights on the latest Surveying and Geomatics Technology in Hong Kong. The Forum also feature a series of keynote speeches focusing on the latest technology development at the land surveying area in Hong Kong including a variety of land data collection, e.g. the development of indoor positioning infrastructure based on GPS technology.

Forum Agenda

1400 – 1430	Guest Registration
1430 – 1450	Welcome and opening remarks
1450 – 1510	Keynote speech on Surveying & Geomatics Infrastructure
1510 – 1530	Keynote speech from Industry Organisation
1530 – 1550	3D Geodatabase Framework for Hong Kong
1550 – 1610	Indoor Positioning Infrastructure based on GPS Technology
1610 – 1630	Positioning Infrastructure based on GPS, Baidou, and Ground based Augmentation System
1630 – 1700	Coffee Break and Networking

Forum Details:

Date: 2 March, 2017 (Thursday)

Time: 1400 – 1700

Venue:

Lecture theatre Y305, Lee Shau Kee Building (Block Y), The Hong Kong Polytechnic University
